Ref: Individual Assignment Submission - Climate Change Report

Good morning, Ms. Chama, Mr. Spratt, and Dr. Shale,

Hope you are well and have had a good weekend.

My report is on climate change indicators and effects. My aim with this project was to outline how different climate change indicators interact and identify any trends that have surfaced over the years. The folder contains a Power BI report with some of these factors. I also wrote up a short piece on climate change as a whole and what can be done, please find the pdf in the folder as well.

I think a report on climate change is important to raise awareness on the topic and to highlight areas of importance.

Please review my submission, I look forward to your thoughts and comments.

Kind Regards,

Choolwe Cheelo
